Summary

An emerging enthusiastic Electronics and Computer Engineering Graduate, seeking an entry level opportunity to fully utilise existing technical skills in a challenging environment preferably in the areas of Cloud, Networking, Software/ Web Development and related fields and to be a part of a progressive organisation that gives scope to enhance knowledge and also to contribute with other peers, resulting in professional growth as well as help the organisation grow.

Experience

Atyaf eSolutions W. L. L.   June 2024 - July 2024 / 1 Month
Software Developer - Intern   Muharraq, Baharain
🔗 https://www.atyafesolutions.com/

Tools/ Techniques used: HTML, CSS, JavaScript, Bootstrap

Outcome: Demonstrated versatility by actively participating in front-end, and full-stack development phases, contributing to increase in overall project efficiency and completion ahead of schedule.

Education

Amrita Vishwa Vidyapeetham, Bengaluru   2021-10-01 - 2025-07-01
Electronics and Computer Engineering   B-Tech
7.23 GPA

Seshadripuram Independent Pre-University College, Kengeri,   2019-07-07 - 2021-07-15
Bengaluru   Higher Secondary Education
PCMC
83.83%

The Indian School, Bahrain   2018-03-07 - 2019-04-16
81.8%   Secondary Education

Projects

Automatic Attendance Recording System using Face   March 07, 2024 - May 15 2024
Recognition

Engineered a Python-based attendance system incorporating advanced facial recognition algorithms, ensuring precise identification; enhanced reliability for various applications and decreased human error in attendance logging.

Autism Prediction using Ensemble Stacking   October 2023 - December 2023

Combining multiple machine learning algorithms in an ensemble approach to predict autism spectrum disorder.

Car Accident Detection & Tracking System   October 2023 - December 2023

Developing a sophisticated system to quickly detect accidents and track vehicles in real-time for enhanced safety and security.

Awards	INTER-DEPARTMENT QUIZ		April 2024
	Amrita Vishwa Vidyapeetham, Bengaluru		
	Recieved 2nd Position in the INTER-DEPARTMENT QUIZ competetion held for the AY 2023-2024		

Areas of Technical Interests	Networking
	Cloud Computing
	Web Development

Programming Languages known	C	C++
	HTML	CSS
	JavaScript	

Tools & Technologies Used/Known	AutoCad	Proteus	MATLAB
	KEIL IDE	Linux	Microcontrollers
	Multisim	Amazon Web Services	Wireshark

Certifications	CCNA	2024-05-16
	Cisco Networking Academy
